At the Washington State Governor's Office of the Education Ombuds, we are interested in supporting students and families as they process the incredible tragedy that occurred in Orlando. The following list contains just a few of the many community supports available. Please reach out to us through our website, <http://www.oeo.wa.gov> if you or your student are facing an unsafe situation at school, including harassment, intimidation, or bullying based on religious identity, gender identity, or sexual orientation.
