

## The Governor's Office of the Education Ombuds: Back to School Planning for Remote Learning

This list is for families and school teams to create plans together. Most families won't have all these things set up at home already, but schools should have some of these things ready to share and ideas for other community resources.

Basic Necessities	NOTES
Safe Space for Learning	
Comfortable place to sit	
Desk or table	
Limited distractions	
Meals during the school day: Breakfast, lunch, and snacks	
Adult Support	NOTES
Prepare and supervise school meals	Other departs will be and different exponents of support
Keep on daily schedule (start classes, do independent work)	Students will need different amounts of support
Set up device (tablet, computer, apps)	just as families will be able to provide different amounts. What supports can teachers and
Support during live remote instruction, if needed	schools provide remotely? When is in-person adult support needed? When and where is that available? <i>How can the school schedule be</i> <i>built to match family resources and needs?</i>
Training for adults about how to provide learning and behavior	
supports during remote learning	
Learning Devices and Internet Connection	NOTES
One device for each student	If the student doesn't have a device or reliable
Microphone (for speaking) and speakers/headset (for	internet, consider other ways to communicate
listening)	and exchange learning materials regularly, such
Camera (to participate in video classes)	as by phone, socially distant visits, pick-ups and
Keyboard, mouse, other adaptive equipment	drop-offs of materials, or mail.
Connection to High Speed Internet	
Learning apps and programs loaded on device	Some districts may also be able to provide
Accounts and passwords set up	some in-person services if it is safe for the
Training for student and family on how to use each program	family, student, and staff.
Tech support contact information for school or district	
Other School Supplies
